**AT B.R.C., CUSTOMER SATISFACTION IS OUR #1 CONCERN.  
We make every effort to exceed your expectations**

### **Cold and Snowy winter season!**

Wow not only was it tough on us, it was really hard on the heating equipment.

If you are thinking about replacing your old furnace, air conditioner, boiler, generator or Commercial roof top unit  
But just can't seem to put together enough funds to install what you want, we may have a solution for you.

**We now offer financing on all or part of the new equipment installation.**

### **3 Years and Counting!**

**We are now an authorized dealer for the sales, installations and service of the  
Honeywell Whole House Backup Generators.**

### **When the storm comes, protect what matters most.**

A Honeywell automatic home backup generator ensures that power outages will never again interrupt the important things in your life. Whether it's due to a storm, equipment damage, short circuit, or animal activity, your Honeywell generator will protect your family, your guests and your entire home. Automatically, within seconds of an outage, and until utility power returns.

**At B.R.C., we do professional installations with no "SHORT CUTS".** Our professionally trained team of comfort specialists is loyal to you, our valued customer. In addition to servicing most brands of heating equipment, we are proud to represent Bryant, Carrier and Payne as well as several other brands when requested. We promote this equipment because it is durable, reliable, and dependable and has excellent warranties. We stock a wide assortment of parts for these and other brands of equipment to help you in your time of need, should it arise.

**Thank you for your business, your reviews and your referrals!**
